WELCOME TO FLOWCRETE - for the world at your feet

Flowcrete's commitment to exceptional design, technical support and advisory services, from initial enquiry through to installation, is at the heart of our business philosophy.

Our global success is driven by our commitment to excellence; excellence in products, excellence in service and excellence in people.

With manufacturing plants across Europe, the Americas, Asia, India and Africa, a global commercial and sales support team and the backing of a major multi-national manufacturing group, Flowcrete is well placed, as the world's leading performance flooring designer and manufacturer, to serve clients in their local markets.

Our fully trained and monitored global network of approved flooring contractors ensures your flooring project is in safe hands with Flowcrete.

RUSTIK - the natural choice

The Rustik range of natural stone carpets has been designed to create a unique, striking and alternative floor finish in a range of indoor and outdoor commercial environments, reflecting the natural beauty of mother nature.

Available in a range of tones, Rustik is well suited to a variety of commercial spaces, including car showrooms, nightclubs, boutique stores, reception areas and leisure facilities.

The durable, textured, non-slip finish delivers an attractive flooring solution that is ideally suited to areas where aesthetics, safety and longevity are crucial.

With excellent wear and impact resistance, the Rustik flooring range can withstand the foot and vehicular traffic associated with busy commercial environments.

With these qualities, Rustik is naturally the ideal choice to reflect the great outdoors.

TOP
tip

Rustik's contemporary colour palette offers a unique finish underfoot in stylish commercial environments.

STYLISH

stone carpets

TOP tip

In outdoor areas, Rustik UV can provide a stylish alternative to loose gravel or paving.

RUSTIK delivers an attractive and contemporary flooring solution that is not only slip-resistant – but is also durable; holding up to the footfall in both indoor and outdoor commercial and residential spaces.

Singapore Racecourse, Singapore.

DELIVERING

natural beauty

A contemporary flooring solution that not only creates a unique and dynamic external commercial environment, but also brings the great outdoors in...

Commercial environments are subject to aesthetic scrutiny, as well as heavy footfall and, in car showrooms and outdoor areas, vehicular traffic. Rustik delivers the perfect solution; a slip resistant, durable floor finish that will not only stand the test of time, but that will add glamour and contemporary style to any commercial space.

Available in a range of tones, Rustik can be used to deliver a natural, contemporary surface. What's more, the range can be laid in bespoke patterns or shapes to create a truly unique environment that really stands out from the crowd.

The durable and safety-conscious floor finish can be installed quickly reducing impact on trade in commercial businesses, where keeping downtime to a minimum is crucial. What's more, Rustik has noise reducing qualities, creating a pleasant environment in car showrooms, offices, receptions, retail areas and other commercial spaces.

- Shopping Centres

TOP tip

Rustik's speed of cure ensures that installation results in minimal downtime and disruption to operations.

RUSTIK

benefits

Rustik offers a wide range of benefits for commercial environments in need of a flooring solution that is safe, durable and attractive.

FAST INSTALLATION - The Rustik range can be installed quickly to minimise downtime and the cost associated with extended construction schedules.

ATTRACTIVE - Not only is Rustik available in a range of aesthetically pleasing tones, it can also be applied in bespoke patterns for a truly unique design.

SAFE - Rustik UV comprises a mix of aggregates sealed in a seamless polyurethane binder, providing a safe and slip resistant flooring solution underfoot.

NOISE REDUCING - Rustik minimises noise from footsteps and other traffic above the surface, creating a more pleasant environment in noisier commercial spaces.

Approved and tested, all systems within the Rustik range come backed by the sales support, technical services and quality that customers have come to expect from Flowcrete. Installed by a network of fully-trained and monitored expert floor installation teams, Flowcrete's Rustik is the ideal choice for any commercial environment.

TOP tip

Use Rustik UV to transform outdoor commercial and public areas while reflecting their natural surroundings.

Flowcrete's durable, decorative and high-performance flooring technology is gaining status in a variety of market sectors across the region.

RUSTIK

case study

HSBC Residential Pools, Hong Kong.

Product: Rustik UV

Flowcrete's unique and contemporary floor finish - Rustik UV - was chosen for HSBC residential pool surrounds owing to its superior slip resistance and speed of installation.

Based on a system originally designed for indoor use, Rustik UV comprises natural stone encapsulated in a clear UV resistant binder. The binder will withstand harsh sunlight, while the seamless non-slip surface is pleasant and safe to walk and play on, as well as being easy to clean.

Owing to the fast cure properties of the slip-resistant finish, the project was completed under a quick turnaround - ensuring minimal disruption to residents.

RUSTIK SYSTEMS

technical zone

The figures provided in the table below are typical properties of our Rustik systems achieved in controlled laboratory tests that were conducted at 20°C and at 50% Relative Humidity. For full system technical data, please contact your local Flowcrete office or alternatively visit us online.

	Uses	Aggregate Mix Description	System Thickness	Slip Resistance* (BS 7976-2)	Water Permeability (Karsten Test)	Temperature Resistance	Compressive Strength (BS 6319)	Bond Strength (Primed Concrete)
Rustik	Car showrooms, designer outlets, retail stores, conservatories, atriums, reception halls, conference zones and exhibition areas.	Natural stone	6mm	Dry >40 Wet 36	Nil	Up to 60°C	>30 N/mm ²	> 1.5 MPa
Rustik UV	Ideally suited to outdoor environments subject to heavy footfall such as leisure complexes, theme parks, holiday resorts.	Natural stone	6mm	Dry >40 Wet 36	Nil	Up to 65°C	>30 N/mm ²	> 1.5 MPa

* The slipperiness of flooring materials can change significantly, due to the installation process, after short periods of use, due to inappropriate maintenance, longer-term wear and/or surface contaminants (wet or dry). Textured systems are recommended to meet slip resistance value requirements for wet conditions and/or surface contaminants (wet or dry). Please contact a Technical Advisor at your local Flowcrete office for further details and specifications.

STANDARD SYSTEM colours

Rustik / Rustik UV

Coral Tree

Deep Fir

Palm Leaf

Red Wood

Sand Dune

Wheatfield

The applied colours may differ from the examples shown. For unsealed aggregates, some staining may occur in the natural stone. For a full colour chart and sample, please contact your local Flowcrete office. Our specialist colour service may incur additional costs.
